LETTER OF PROMULGATION

Arizona Revised Statute Title 26, Chapter 2, Paragraph 26-308 and Glendale Municipal Code Chapter 14, Section 14-5 authorize the development of an Emergency Operations Plan (EOP). This plan lists the responsibilities and authorities of the City of Glendale during an emergency or local emergency. The City of Glendale Emergency Operations Plan (EOP) is published in support of the National Response Framework (NRF), State of Arizona Emergency Response and Recovery Plan (SERRP), and the Maricopa County Emergency Operations Plan (MCEOP). The City of Glendale EOP is also in accordance with the City of Glendale Resolution No. 3878, which adopted the National Incident Management System (NIMS) as the city's approach to incident management. It establishes a framework through which the City of Glendale intends to prepare, respond, and recover from emergencies or local emergencies that affect the health, safety, and welfare of its citizens.

This plan provides direction and guidance to city departments and supporting agencies. It constitutes a directive to city departments to prepare for and execute assigned emergency tasks to ensure maximum survivability of the population and property, as well as, recover and reconstitute the city in the event of a natural or human-caused disaster. It is applicable to all elements of the city government and the private sector engaged in, or acting in support of emergency operations.

This plan is effective during emergency/disaster exercises, during any period in which there is a proclamation of emergency or local emergency issued by the city's Mayor, or when placed in effect by the City Manager or other authorized city official.

In accordance with Arizona Revised Statute Title 26, Chapter 2, and Glendale Municipal Code, Chapter 14, once the Mayor of this City proclaims an emergency or local emergency to exist, this plan, and its directives are considered supplementary to City Ordinance and have the effect of law.
