## SECTION II.

### PURPOSE OF THE RFP

#### 1. BACKGROUND INFORMATION

Arizona State University (ASU) is one of the premier metropolitan public research universities in the nation. Enrolling more than 63,000 undergraduate, graduate, and professional students on four campus-campuses in metropolitan Phoenix, ASU maintains a tradition of academic excellence in core disciplines, and has become an important global center for innovative interdisciplinary teaching and research. ASU offers outstanding resources for study and research, including libraries and museums with important collections, studios and performing arts spaces for creative endeavors, and unsurpassed state-of-the-art scientific and technological laboratories and research facilities.

In addition to the historic Tempe campus, a college town in the midst of a dynamic metropolitan region, the university comprises two newer campuses with more specialized missions: ASU West, in northwest Phoenix adjacent to Glendale, and ASU Polytechnic in Mesa. In downtown Phoenix, ASU's Downtown Campus offers academic programs and professional certificate programs. A major expansion to ASU Facilities is currently underway with a fourth campus completed at an ASU-owned facility in downtown Phoenix and a fifth campus to be constructed in the North Valley. This growth is planned to accommodate the increase in students to approximately 90,000+ by 2020. Residential facilities on the Main Campus are being expanded through new construction projects and the purchase of existing apartment complexes to allow the residential population to grow to an anticipated 15,000 students.

ASU is research-driven but focused on learning—teaching is carried out in a context that encourages the creation of new knowledge. ASU currently ranks fifth among public universities in its enrollment of freshmen merit scholars. The university champions diversity, and is international in scope, welcoming students from all 50 states and nations across the globe. ASU is an active partner with the private sector in initiatives to enhance the social well-being, economic competitiveness, cultural depth, and quality of life of metropolitan Phoenix and the state.

#### 2. INTENT

The University is seeking proposals for support, repair, replacement, upgrades and new construction services of the University's fire maintenance system on the ASU Tempe Campus.

It is the intent of the University to issue multiple contract awards for the performance of this work.

The contract will be available for use by other University departments during this time period.

The University desires to place orders with the successful firm(s) under this solicitation via any electronic methods of ordering offered by the successful firm(s), and to make payment for these orders with a Visa Card.

**3. TERM OF CONTRACT**

The term of this contract will be one (1) year from contract start date with four (4) additional one year options, the renewals of which are to be by mutual agreement of ASU and the contracted firm or firms. The total number of years the contract can stay in effect is five (5) years.

PO Box 875212

Fax: 480.965.2234

Requests must be submitted on a copy of the Proposer Inquiry Form included in Section VIII of this Request for Proposal. All formal inquiries must be submitted at least seven (7) calendar days before the time and date set for closing this Request for Proposal. Failure to submit inquiries by this deadline may result in the inquiry not being answered.

Note that the University will answer informal questions orally. The University makes no warranty of any kind as to the correctness of any oral answers and uses this process solely to provide minor clarifications rapidly. Oral statements or instructions shall not constitute an amendment to this Request for Proposal. Proposers shall not rely on any verbal responses from the University. If you have formal questions about any part of this Request for Proposal, which could result in a material issue or a formal amendment to this Request for Proposal, submit your questions on a Proposer Inquiry Form from Section VIII of this Request for Proposal.

22. The University shall not reimburse any proposer the cost of responding to a Request for Proposal.
23. In accordance with an executive order titled "Air Pollution Emergency Proclamation" modified by the Governor of Arizona on July 16, 1996, the University formally requests that all products used in the performance of any contract that results from this solicitation be of low- or no-content of reactive organic compounds, to the maximum extent possible.
24. Arizona requires that we purchase ENERGY STAR® products or those certified by the Federal Energy Management Program as energy efficient in all categories available. If this solicitation is for a product in a category for which ENERGY STAR® or certified products are available, please submit evidence of the ENERGY STAR® status or certification for the products you are bidding. Please note that if you fail to submit this information but a competitor does, we will select your competitor's product as meeting specifications and deem your product as not meeting specifications. See A.R.S. §34-451.
25. To the extent applicable to any agreement resulting from this solicitation, the proposer shall comply with the Standards for Privacy of Individually Identifiable Information under the Health Insurance Portability and Accountability Act of 1996 contained in 45 CFR Parts 160 and 164 (the "HIPAA Privacy Standards") as of the effective date of the HIPAA Privacy Standards on April 14, 2003 or as later determined. Proposer will use all security and privacy safeguards necessary to protect Protected Health Information (PHI), as defined by HIPPA, and shall immediately report to University all improper use or disclosure of PHI of which it becomes aware. Proposer agrees to ensure that its agents and subcontractors agree to and abide by these requirements. Proposer agrees to indemnify the State of Arizona, the Arizona Board of Regents, Arizona State University and

their regents, employees and agents against all harm or damage caused or contributed to by Proposer's breach of its obligations under this paragraph.

26. The University believes that it can best maintain its reputation for treating suppliers in a fair, honest, and consistent manner by conducting solicitations in good faith and by granting competitors an equal opportunity to win an award. If you feel that we have fallen short of these goals, you may submit a protest pursuant to the Arizona Board of Regents procurement procedures, section 3-809, in particular section 3-809C. This paragraph does not include all of the provisions of the Regents procedures, but it does tell you what you have to do to initiate a protest. First, you have to be an "interested party." An "interested party" is an actual or prospective proposer whose direct economic interest may be affected by the issuance of a solicitation, the award of a contract, or by the failure to award a contract. Whether an actual prospective bidder or offeror has a *direct* economic interest will depend upon the circumstances in each case. At a minimum, the interest must be substantial and must be tangibly affected by the administrative action or proposed action concerned in the case. For instance, a bidder or proposer who is fourth in line for award does not have a sufficient economic interest to protest the proposed award of a contract to the low bidder. Second, you must submit the protest in a timely manner. In procurements inviting bids, protests based upon alleged errors, irregularities or improprieties in a solicitation that are apparent before the bid opening shall be filed before the bid opening. In procurements requesting proposals, protests based upon alleged errors, irregularities or improprieties in a solicitation that are apparent before the closing date for receipt of initial proposals shall be filed before the closing date for receipt of initial proposals. Protests concerning improprieties that do not exist in the initial solicitation, but that are subsequently incorporated into the solicitation, shall be filed by the next closing date for receipt of proposals following the incorporation. In cases other than those just covered, protests shall be filed no later than ten days after a contract is awarded in connection with the procurement action. Failure to timely protest shall be deemed a waiver of all rights. Third, and finally, your protest shall be in writing and shall include the following information: (1) The name, address, telephone number, and fax number of the protestor; (2) The signature of the protestor or its representative; (3) Identification of the solicitation or contract number; (4) A detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and (5) The form of relief requested.

Protests should be directed to:

John F. Riley, C.P.M.  
Executive Director of Purchasing and Business Services  
Arizona State University  
PO Box 875212  
Tempe AZ 85287-5212  
Fax: (480) 965-2234

Please note that as the University takes protests very seriously, we expect you to do so as well. Frivolous protests will not result in gain for your firm.

28. **EXCEPTIONS:** Any exception taken to the requirements of the RFP must be included in the proposal submitted. Submission of a proposal without exception signifies that the Firm accepts all requirements of the RFP and will execute a contract, if offered, on the ASU standard form, which is supplied in the RFP.
29. Other Opportunities with Arizona State University not related to this solicitation.

### **GREEN PURCHASING REQUIREMENTS/SPECIFICATIONS**

In order to reduce the adverse environmental impact of our purchasing decisions we are committed to buy goods and services from manufacturers and suppliers who share our environmental concern and commitment.
