RESOLUTION 5124: PUBLIC HEARING AND ADOPTION OF FISCAL YEAR 2016-2017 FINAL BUDGET (RESOLUTION) (PUBLIC HEARING REQUIRED)

Staff Contact: Vicki Rios, Interim Director, Finance and Technology

Purpose and Policy Recommendation

This is a request for City Council to waive reading beyond the title, review the proposed Fiscal Year 2016-2017 (FY16-17) final budget, conduct a public hearing on the final budget, and convene a special meeting to adopt a resolution formally approving the final operating, capital, debt service, and contingency appropriation budget.

Background

Arizona state law requires the governing board of cities, towns, and counties to conduct a public hearing and then convene a special meeting to adopt a resolution approving the final annual budget. The regular voting meeting does not need to be adjourned to convene and conduct the special meeting required for the budget adoption.

Council approval of the tentative budget at the May 24, 2016 meeting set the maximum level of expenditure for FY16-17. Adjustments and reallocation of appropriation authority may be made after adoption of the tentative budget, although the total amount of appropriation cannot be increased.

The FY16-17 budget process included a five-year financial forecast of the operating funds, a review of the proposed ten-year Capital Improvement Plan, and a review of the detailed budget requests for each of the department which included both operating funds and the capital outlay. To inform and deliberate on current budget issues, seven different Budget Workshops were held and focused on specific budget and financial strategies for FY16-17 and future fiscal years.

Analysis

The FY16-17 Final Budget totals \$693 million. This is a 9.7% increase over the prior year (FY15-16) Budget. The budget increase is mainly attributable to growth in the Capital Improvement Plan.

Staff recommends two changes from the Tentative Budget as adopted to the Final Budget Council considered in this action. Both changes involve the Debt Service budgets which were updated based on information regarding the recent bond financing transaction.

- 1) Debt Service amounts for the city's General Obligation Bonds that were issued in late April have been included in the FY16-17 Final Budget. The FY16-17 appropriation needed to pay the bonds is \$993,000. To keep the overall appropriation the same, staff recommends budget appropriation be taken from the City's Misc. Grant Contingency account and moved to the G.O. Debt Service account. The total G. O. Debt Service appropriation will increase from \$73,825,594 to \$74,818,594 and the Miscellaneous Grant contingency appropriation is decreased from \$33,819,094 to \$32,826,094.
- 2) In the Final Budget, the recently refinanced M.P.C. debt was reclassified to Excise Debt Service and will now be budgeted in the Excise Tax Debt Service Fund. This is a technical correction and it does not require any change to the appropriation.

After these two adjustments, the total budget appropriation of \$693 million remains unchanged.

Development of the budget centered on the following key priorities identified by the Council during the past year:

- Sustainable
 - Achieve \$50 million unrestricted fund balance by FY19-20
 - New positions are funded with established revenues
- Outcome Based
 - Improve Public Safety high priority call response times
 - Address high employee turnover
 - Improve speed to market in planning department
 - Increase productivity through innovation and technology
 - Invest in capital improvements and infrastructure

The attached report contains additional information regarding the budget including all of the schedules required to be adopted in accordance with state statutes.
